

CREATIVE VISION

"Holiday Express"

Holiday Express transforms the MetroLink station into the heart of Riverside's holiday season — a warm, civic-scaled invitation visible from blocks away. Wreaths and garlands frame each entrance like a ceremonial gateway; evening lighting turns the platform itself into the destination after sundown.

WELCOME

Wreaths and garlands at every station entrance — the holiday begins at the curb.

JOURNEY

Pole banners and evening lighting carry the design language down the platform.

ARRIVAL

Walk-through ornament and lit displays at the plaza — a destination, not a transfer.
